Notaras Mansion

The Notaras Mansion is a traditional manor house that belonged to the aristocratic Notaras family, one of the most prominent in the area. Stone-built and stately, it reflects the former standing and social prestige of its owners. Though time and a lack of upkeep have left their mark, the house still stands proud, showcasing the characteristic architecture of the old mansions of Sikyona and recalling the family's long presence in the region. It remains an evocative glimpse into a bygone way of life.
